ACCOUNTS RECEIVABLE TO BE CHARGED OFF

There is attached a schedule of twenty-two (22) accounts in the total amount of \$6,956.86 to be charged off as uncollectible.

Group "A": consists of eighteen (18) accounts all under \$100 in a total amount of \$855.46, where there are no relocation payment claims paid or pending.

Group "B": consists of one (1) account in the amount of \$5,513.50 in State Court Receivership, and records disclose that there are no assets.

Group "C": consists of three (3) accounts in the total amount of \$587.90 where all efforts to collect by the staff and the collection agency have failed.

It is requested that the Authority charge off these accounts as uncollectible, and to make the following findings required by H. U. D. procedures, that:

1. there is no reasonable prospect of collection;
2. that probable costs of further efforts to collect would not be warranted.
